DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 27 and 28 are rejected under 35 U.S.C. 102(B) as being anticipated by RUDISILL (5711588). RUDISILL shows in Fig.1 a cell phone "12" which uses transmitter electronics adapted for radio frequency communication with a receiver and operable by the at least one control feature "16" which ^{is} adjacent the outer surface. As shown in Fig.5, at least one light source "34" operable by the at least one control feature "16" to emit visible light and the at least one translucent portion "16" adapted to guide light from light source "34" to the outer surface. Re claim 28, note in Fig.5 the aperture above the light source "34" in the translucent portion "16" and note that Rudisill discloses in col.5, lines 1-6, that a translucent membrane or "window" may be bonded to the opening or "aperture" above the light-emitting diode "34".

Allowable Subject Matter

3. Claims 1-26 are allowed.

4. Claims 29-40 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

5. Applicant's arguments with respect to claims 27-28 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
